

## Chat Loop Booth

Donar

Chat Loop was designed and made with a purpose to offer the best user experience in open spaces, to provide retreat for 'loud' phone calls. Our goal was to use a material that is considered 'trash'. Using a technique borrowed from the car industry Chat Loop is manufactured from thermo pressed PET felt – a 100% recyclable material made from used water and soda bottles. The production process neither demands an internal frame, plastic, screws, glue or other reinforcements. Chat Loop can be used as a hideout for calls or we can integrate any tablet in order to sign in and use it as a IP (login required) phone booth.

## Technical Specifications

Lead Time:	Indent (14-16 Weeks)
Sectors:	Accommodation, Education, Hospitality, Workplace
Suitability:	Internal
Warranty:	2 years
Dimensions:	Height: 108cm Width: 108cm Depth: 73cm
Application:	Accommodation, Education, Hospitality, Workplace
Notes:	Includes Retro Handset.
