Remind 3735 Armchair

Pedrali

Remind evoks the soft sinuous curves of wooden chairs from the late nineteenth century. Its organic silhouette recalls "something never seen before". The result is an innovative polypropylene armchair, in which each element is conceived to ensure total comfort and cosiness. Suitable for both outdoor and indoor spaces. The perforated backrest of Remind can be decorated with tiny colourful pixels made from polypropylene, so anyone can become an artist by creating infinite patterns. In line with Pedrali's quest for environmental sustainability, Remind also comes in a "recycled grey" version made entirely from recycled material: 50% from plastic material post-consumer waste and 50% from plastic material industrial waste.
