

Prag 391 Chair

TON

The design of the Prag Chair, much like its name, was inspired by the atmosphere of a traditional Czech pub – a place known for beer, eating and debating. A Czech pub interior often features a lot of wood, an earthy element that invites customers to feel comfortable and relaxed. This is the idea behind Prag. The combination of a traditional U-shaped seat with solid wood legs ensures strength and longevity. These qualities are tested through 460,000 cycles simulating sitting, and also with techniques that model what is likely to happen in a pub. The chair can be finished in a wide array of colours and with an upholstered seat. Comes in ply or upholstered seat.

Technical Specifications

Designer:	René Šulc
Sectors:	Accommodation, Education, Hospitality, Workplace
Suitability:	Indoor
Warranty:	5 years
Application:	Accommodation, Education, Hospitality, Workplace
