

## Stem Bookcase

Manerba

Charmed by puzzle boxes and overlapping games, Philippe Nigro promptly picked-up the “seed” thrown by Manerba: that is to say the project of a bookcase conceived specifically for contemporary working spaces. Clean, soft and welcoming lines define this system characterised by endless modularity and also visual solidity which can develop in height and width, to identify professional spaces and to develop ideas. It is perfect for separating, linking, organising, dividing and limiting.
