

## Mitilo Armchair

Miniforms

When you place the armrests of two Mitilo sofas side by side, they create a shape that resembles an open mussel. Indeed the concept behind this sofa lies precisely in the way it can be arranged. Whether in offices, airports or bistros, Mitilo sofas can be mixed and matched to create casual modular settings. When used alone, Mitilo shows off its most attractive detail, the generous, deep seat, which expands outwards from the arms and backrest, distancing itself from the frame.
