

## Mariolina Educational Chair

### Miniforms

Mariolina came from an exploration into the world of polypropylene and its new developments, combining it with a delicate, honest aesthetic. The body is so simple that it can be drawn without the pen leaving the paper, balancing a careful style, attentive to the present, with the desire to break free of fashion. Mariolina is the answer to the need for an eclectic product, made with a contemporary production method and suitable for everyday life.
