

Milonga Bookcase

Miniforms

Milonga is a bookcase with long legs, set with a delicate cadence between spaces. Either as a partition between rooms or, more traditionally, against a wall, this is an indispensable piece for organizing your home library. As well as being technical, Milonga is bold and distinctive, and plays on the colours of the tubes and the layout of the shelves. Indeed, it is the sequence of the shelves that gives the bookcase its sense of movement, echoing the rhythm of the lines printed in the exercise books of our childhood.

Technical Specifications

Designer:	Paolo Cappello
Lead Time:	Indent (12-14 Weeks)
Sectors:	Accommodation, Education, Hospitality, Workplace
Suitability:	Internal
Dimensions:	Width: 90cm Depth: 41.5cm Height: 200cm
Application:	Accommodation, Education, Hospitality, Workplace
