

Tiller Slim Task Chair

Didier

The ergonomic all-rounder, Tiller Slim's Studio Task Chair is a finely engineered, comfort-focused improvement on the standard desk companion. As with all Didier creations, Tiller Slim combines considered aesthetics with practical utility. Its ergonomic shell is custom moulded, with legs of commercial grade steel encouraging unfussy interaction in high traffic environments, and once the meeting's over, each Tiller chair stacks easily with any other variation in the collection.
