

## Terra Firma Bar Table

Didier

At standing height, Terra Firma's Bar Table range elongates and emphasises the trapezoidal legs which characterise the collection. A sophisticated refectory table for the modern age, Terra Firma by Didier is a timber crafted invitation to relaxed conviviality. The complete range of tables, benches and bar tables are manufactured in American Oak, sensitively showcasing the natural grain and durability of the timber's character. Each piece is defined by articulated trapezoidal legs, an unexpected sculptural detail demonstrating the strength and seamlessness of skilful manufacture and Didier's design philosophy. Additionally, Terra Firma's clever engineering allows ease of on-site assembly with just a simple hand tool. Best complemented by Didier's Tillerseating collection, there is a Terra Firma table for every dining or meeting space
