

Puffalo Modular Lounge

Didier

Celebrating the horizontal life, Didier's contemporary new modular range exemplifies laid-back style with cool bohemian chic. Like the love child of Moncler and Jaguar's E-Type, the Puffalo just begs you to lounge. Flop down, chillout and feel yourself descending into slow motion. Puffalo is perfect for the now grown-up slacker generation who just love to be close to the ground. It may bring back memories of lazy afternoons playing records, flicking through magazines and just doing ... whatever. The range includes twenty individual modules to offer a high level of flexibility and individual customisation. Each unit is made in Melbourne and skilfully crafted to the highest quality standards using locally sourced materials including FSC certified timbers with steel springs, GECA rated foams and topped with memory foam for superior longevity. Our loose cushions are offered in three complementing sizes and feather filled for the ultimate relaxed feel.
